

Description

The M-clip is used for melting in the holder of PDCs (Park Distance Controller) into the bumper. The advantage over gluing is, that with melting into the plastic the holder for the PDC is combined tighter with the bumper. Due to this step the sensible sensors cannot slip and the PDC works without trouble.

Benefits

- The used material doesn't create disturbances in electrical installations
- Stainless Steel

Scope of delivery

- Packaging unit: 100 pieces
- Blister

Technical data

Material	Stainless spring steel wire
Diameter ø	0,8 mm

Dimensions & Weight

L x W x H	2 cm x 1,4 cm x 0,08 cm
Weight	0,03 kg
